Cool off in the saltwater pool or under the gold-coloured outdoor shower

This new hotspot on the Costa Blanca is a real gem: The June Boutique Villa. A dream holiday home on the Spanish coast near Benissa. The villa has 5 bedrooms, 4 bathrooms and 2 kitchens. It is split into three separate accommodations for a total of 10 people. A perfect place to celebrate holidays with friends or family and still be able to grab some privacy now and then.

On the ground floor you will find The Advocat Apartment; a nice double bedroom with adjacent living room, bathroom, kitchen and private outdoor terrace for lounging. An extra sleeping place for a third person can be created if necessary.

The Baladrar Suite is also located on the ground floor. This lovely suite makes your heart skip a beat, so beautiful. The white concrete in combination with wood and natural materials gives a dreamy atmosphere. There is an adjoining bathroom, a private entrance, a pantry and a cosy outdoor area.

The Advocat Apartment and the Baladrar Suite can be connected to make one large flat for up to 5 guests.

On the first floor you will find The Fustera Apartment with three bedrooms, two bathrooms, a kitchen (we love the SMEG®-appliances!) with all the trimmings, a dining room for 10 people and a lovely balcony with grand views.

For most of the year, life takes place outside in The June. And that's no punishment. Choose a spot on one of the six lovely lounge corners and terraces around the house and enjoy each other, a drink and the beautiful view. Cool off in the saltwater pool or under the gold-coloured outdoor shower. Or show off your cooking or bbq skills in the extensive outdoor kitchen and enjoy long lunches or endless balmy summer evenings with your company. The June is fully equipped for it.

Although this house is ideal for the summer, it is also very suitable as a pleasant stay in the winter months. In the colder period you nestle in the soft armchairs in front of the gas fire and enjoy the view over the sea and the valley. And the swimming pool? It can be heated so that you can enjoy it even in winter.

The beach and a supermarket are within walking distance. A chef at home, car rental and other services can be arranged by the hostess.

It doesn't get any better than this. Book now!

Note: In the summer the villa can only be rented as a whole. From October onwards, it is also possible to rent one or two of the accommodations and share the outdoor facilities with other guests.
